2 stickpins  
2 pins

---

PUBLISHER'S NOTE

---

The Art Nouveau movement that flourished at the turn of the century had profound influence on the decorative arts, including jewelry. The style's sweeping, rhythmic curves and use of stylized floral and animal forms lent themselves well to adaptations in precious stones and rare metals. Lalique, Mucha and Tiffany were perhaps the most famous designers of Art Nouveau jewelry, but there were many

lesser-known artists of superior abilities, among them Maurice Dufrène (born 1876), who created the present work. Dufrène later adopted a simpler style, becoming a leading decorative artist of considerable influence. He was frequently represented in the Salon d'Automne and played a major role in planning the Paris Exposition Universelle of 1937.

# 303 AUTHENTIC ART NOUVEAU JEWELRY DESIGNS

BY MAURICE DUFRÈNE

Between 1890 and 1910, the Art Nouveau movement flourished throughout Europe and America, profoundly influencing many forms of art—posters, furniture, architecture, glass, ceramics, textiles and jewelry. Art Nouveau's sweeping, rhythmic curves and use of stylized floral and animal forms were particularly suited to adaptations in precious stones and rare metals, producing exquisite creations of timeless appeal.

This stunning collection of authentic Art Nouveau jewelry designs by influential French designer Maurice Dufrene captures the essence of the style at the height of its popularity. Reprinted from an extremely rare turn-of-the-century portfolio, 24 plates depict over 300 spectacular pendants, combs, buckles, rings, bracelets, brooches, umbrella handles, even penknives, buttons, clasps and scissors in crisp, clear halftone illustrations. Exquisitely detailed with flower, foliage and butterfly motifs, every elegant illustration is copyright-free and readily adaptable to a myriad of design uses.

For artists, designers and craftspeople, this handsome, authentic collection is an invaluable copyright-free Art Nouveau treasury; jewelry designers will find Dufrene's creations excellent sources for inspiration, and perfect vehicles for the choicest stones and most precious metals.

Republication of the 24 (monochrome) halftone plates comprising *Les Bijoux*, published by Librairie des Arts Décoratifs, A. Calavas, Paris, ca. 1900. Publisher's Note. Captions. 48pp. 9" x 11. Paperbound.
