

CUSTOM KEY - MOCK-UP

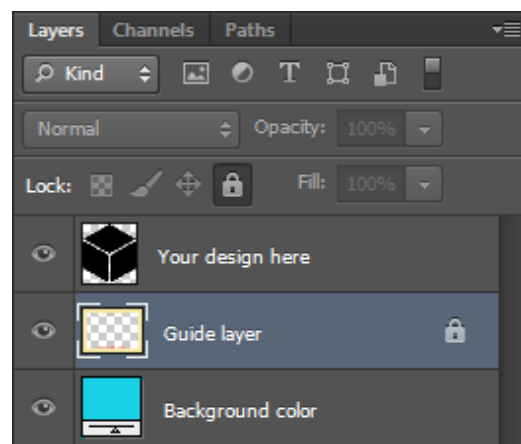

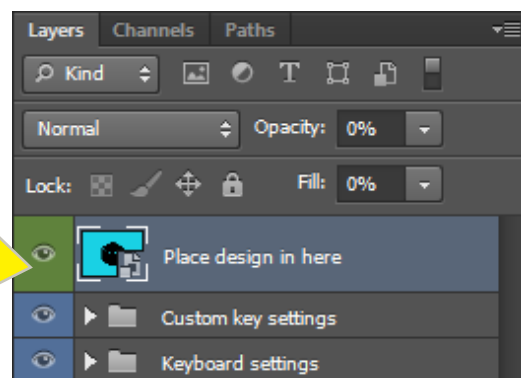

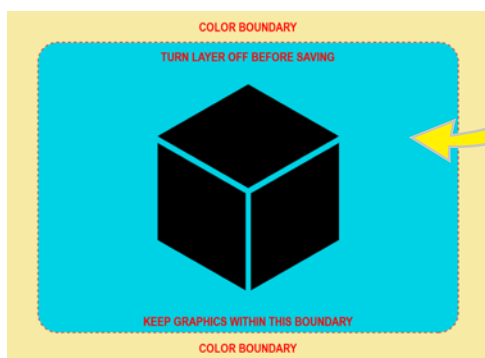

USER GUIDE

1 Your Design: Open the smart object labeled "Place design in here" by double clicking the layer thumbnail.

2 Smart object: When you first opening the smart object, you want to turn on the layer named "Guide layer".

Then drag your design or text over and make sure it's within the boundry lines.

Finally, adjust your background color and remember to hide the "Guide layer" before saving the file.

3 Rating: Please help support this product by rating it. If you're not sure how, there are some nice detailed instructions here: <http://support.envato.com/index.php?/Knowledgebase/Article/View/214>

4 Support: If you have any questions or comments, please post under the products comment section and I'll be happy to help you.

If you have downloaded this product illegally, please consider buying it if you use it.
